

Introduction using Beamer

Asif Enan

Biographical information

Hello my name is Asif Enan, currently enrolled in the MS program in Statistics at the statistics department of University of Nebraska-Lincoln. I plan on doing the Phd as well, so I am expected to graduate by 2029.

- ▶ I was born in Bangladesh, but was brought up in Qatar
- ▶ My birthday is 2nd January every year.

Favorite Animal

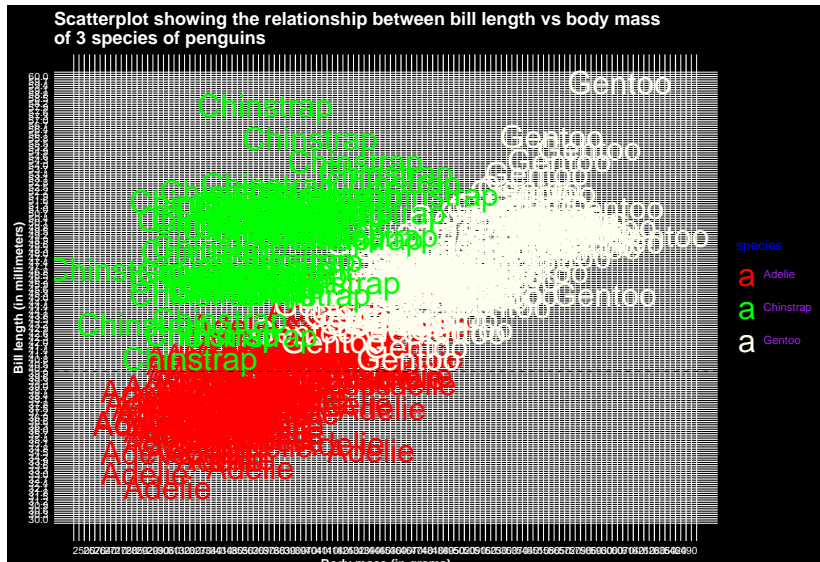

My favorite animal is the Nudibranch

Favorite [ugliest] plot

One of my favorite assignments in STAT-850 was creating an intentional ugly plot which violates many of the basic principles of good plot making. We used the palmer penguins dataset and my work looked like this:

CV

I made my CV on overleaf using LaTeX.
